Frederic Drops Boyne Falls

Frederic High's basketball team ended powerful Boyne Falls by a score of 59 to 56 last Friday evening. The fight and drive of Coach Kelly boys proved too much for the Boyne Falls team. Frederic's junior high boys piled up their sixth win of the season by a score of 41 to 22. Boyne Falls junior high did little to challenge Frederic High.

The junior high lost their only game, a practice game, to Grayling last Monday, by a narrow margin of one point. Frederic went into the game minus their regular center.

American Legion Auxiliary Heads Red Cross Drive

Mrs. George Quinn Chairman, County Quota \$1,350

Announcement has been made by Mrs. C. G. Clippert, Crawford County Red Cross chairman, that the Grayling American Legion Auxiliary has accepted the responsibility of heading the coming Red Cross Drive, March 1 to 31. Mrs. George Quinn is chairman of the drive.

Gaylord Minstrel Show Cancelled

It has been necessary to cancel the scheduled appearance here Saturday night of the Gaylord Minstrel Show. The show put on in the Gaylord Municipal Building last Friday and Saturday nights brought in standing room only crowds and the request for another showing. It has been decided to stage the minstrel show again this Saturday night at Gaylord and therefore it was of necessity cancelled here, it was announced by Robert Bovee who was in charge of the Grayling appearance.

It was announced that the minstrel show took in \$450 each of the two nights to swell the Otsego County March of Dimes. The scheduled appearance here of the minstrel show was after the March of Dimes was supposed to close and it was decided as long as it would be even later now to forego the show this year.

Crawford County March of Dimes Chairman John H. Peterson announced the first of this week the March of Dimes in this county had reached the \$1,000 mark and he expected as much more to come in yet. The Grayling Restaurant night brought in \$82, it was said. Chairman Peterson said that a full financial statement showing where and how the funds were collected would be ready for publication as soon as possible after all funds were turned in.

Kiwanis Club Notes

Charles Welch, education director for the Conservation Department in this area was the speaker at Monday night's meeting of the Kiwanis Club of Grayling. Carroll West was in charge of the program, but Secretary Robert Bovee introduced the speaker.

Mr. Welch spoke on conservation and education and what the department was doing to educate Michigan youngsters on the subject of conservation. He spoke at length on the recent Michigan "any deer" season and answered questions of the club members on the subject.

Olsons Collect Shoes For War Relief

"Shoes for the Shoeless is the motto of the Used Shoe Drive now being conducted by the Michigan Shoe Retailers Association in cooperation with the War Relief Services of the National Catholic Welfare Conference. Olsons has been designated as a collection point here.

Shoe stores designated as collection depots are assuming the responsibility for tying the pairs together and packing them for shipment while the St. Vincent de Paul Society is collecting the cases at its warehouse at 643 E. Fort, Detroit, for shipment to New York. Here, the War Relief Services of the N. C. W. C. transship them to Korea, Hong Kong, Palestine and other needy areas.

(Continued on Page 5)

Mrs. Quinn is getting her committees in order and those taking part will be announced next week.

Crawford County's quota this year is set at \$1,350.00 with the hope that \$1,500 may be raised. The goal is increased mainly to finance the added service programs including the collection and processing of thousands of additional pints of blood for conversion into gamma globulin—the new weapon against polio and because of the added expenditures anticipated by the Red Cross Home Service Bureau in Crawford County.

Mrs. J. L. Martin, Crawford County Home Service chairman, has already noticed the increase in this service due to the drafting of young married men, with or without children. These young men have not had ample time to save up a "nest egg" to tide them over until government allotments begin coming through for their families. Frequently allotments are as long as two months arriving. With the increase in the drafting of this age group, home service naturally needs more money with which to operate.

It is interesting to note that one out of every 10 persons in the United States received some kind of Red Cross assistance or training last year and one out of every 35 families received assistance from Red Cross Chapter Home Service.

Grayling Indies Defeat Hale

Alfred Hanson's Grayling Indians took the measure of an independent five from Hale at the Grayling High School Gym last Thursday night by a 61 to 40 score. It was an exciting game even though the score indicates an easy time for the Grayling boys.

At halftime, Grayling led the Grayling attack with 24 points with Dick Miller adding 10, Art Allen and Clyde Anthony each added 8 points. A. Shellenbarger with 15 and P. Shellenbarger with 11 led the Hale scoring.

The Grayling Indies at the present time have no games slated ahead except one for Friday night February 13, with the Traverse City Parts Mfg. Co. team. This game is slated to be the opening of the Grayling Winter Carnival and all Winter Queens who have arrived in Grayling on Friday night will be introduced at halftime.

Mrs. Robert LaMotte and son, Bob, Mrs. Ollie Jankovick and Mrs. Alfred Hanson spent Monday in Traverse City.

THANK YOU!

Unfortunately, during 1953, thousands of kids—rich ones and poor ones; Catholics, Jews and Protestants; white, yellow and Negro—and many adults will be stricken with Polio.

It is in behalf of these victims, whoever they will be, and whatever they will be, that I say from the bottom of my heart—THANK YOU for your generous contribution to the March of Dimes. You really gave that others may walk.

Very truly yours,

John H. Peterson, Chairman, March of Dimes.

The Vikings are out for revenge and to pull themselves upward in the North Central Class C conference standings. Wayne University Group Crowns 1953 Wayne Winter Queen

Park In Ideal Winter Condition

About 120 Wayne University students spent the week end in Grayling enjoying ideal facilities of the Grayling Winter Sports Park.

The excursion, known as the Wayne Winter Weekend, arrived Friday night by chartered bus and departed Sunday afternoon.

On Sunday afternoon Jerry Barrett, of Wayne University, head of the committee which planned the week end in Grayling, crowned Miss Adele Lindgren as the Wayne University Winter Queen. She will return to Grayling Feb. 14-15 to enter the Michigan Winter Queen contest during the annual Grayling winter Carnival activities that week end.

The queen was selected by the Wayne students Saturday night, during a dance held at the Shoppenagons Inn, where they were housed.

The established custom this year of having a dance each Saturday night at the warming house at the Winter Sports Park was interrupted last week end due to

the Grayling High School Senior Prom taking place Saturday night. Again this Saturday night, a dance is planned at the park. As in the past, there will be both round and square dancing and the snack bar will be open for those who wish to obtain sandwiches, coffee, etc.

Plans are rapidly advancing for the Winter Carnival which is slated for week end after next, February 13, 14 and 15. On Friday night, the Hanson's Grayling Independents are meeting a Traverse City Parts Co. basketball team at the Grayling gym and it has been planned to introduce at half time any of the visiting Winter Queens who have arrived in Grayling that evening.

On Saturday night, of course, the Winter Queen's Ball will be held in the Grayling gym with Harm Heater and his band, who have furnished the dance music for the past two years' Queens' Ball again on the platform. Novel decorations are being planned for the affair by the committee in charge and also a grand entrance for the Winter Queens participating in the 1953 Michigan Snow Queen contest.

On Sunday at the Grayling Winter Sports Park another big show is planned for the day with entertainment, scheduled to take place before the crowning of the new Snow Queen which has been set for 3 P. M. this year.

The 1953 Winter Snow Queen will be presented on Saturday night at the Queen's Ball by Dick Peters, bowling editor of the Detroit Free Press. Peters a real winter sports enthusiast has attended the last two Grayling Winter Sports Carnivals and is expected to arrive in Grayling Friday evening for the entire week end. Also expected for the week end is Ray Kuhn, City Editor of the Bay City Times.

Three large groups are expected this coming week end for winter sports, one group from Windsor, Ontario, Canada from the Chrysler Motor Car Company, another group from the Detroit YMCA and the third group from the Detroit Auto Club. Each of these crowds of winter sports fans will arrive in Grayling by chartered bus.

Michelson Memorial Church School

The Senior Department was host Sunday to eleven young ski enthusiasts from Pigeon, Michigan, who took time out from their fun to attend Sunday School. Other visitors were Henry Gale, Detroit; Sam Freed, Bay City; Theodore Bane, Auburn; and Mrs. A. J. Trudeau, Grayling.

Mrs. Russell Wright taught Mrs. Ted Wheeler's Fifth Grade, and Mr. Puffer taught Mr. Tom Robertson's Ninth while Mr. Robertson recovers from minor surgical operation. Sylvia Robertson was also among those missing, having suffered a skiing accident on Saturday.

The W. S. C. S.-sponsored Bible Study Class met Monday evening with 22 members present and several others unable to attend the preliminary meeting. Because of a conflict in dates the class will not meet next Monday, but will be postponed until February 16. Next Monday is the first night of the Leadership Training Series at Indian River. Mr. Puffer is one of the instructors for the series which will meet Monday, Wednesday and Thursday evenings, February 9, 11 and 12. Tuesday evening of next week is the regular meeting of the church school staff.

GRANGE NOTES

On Monday, February 16th, there is to be a benefit party at the Grange Hall. All proceeds are to be donated to the polio drive. All Grange members are asked to bring bake goods for prizes. Admission is fifty cents per person for the evening. There will also be a grand prize.

According to word received from the George Hortons, they are both ill with the flu. They say they will see all their Frederic friends shortly.

Tom Howard returned to Au Gres Monday after visiting his family here.

A nice crowd attended the stork shower Friday night at Sportsmen Hall, Frederic for Mrs. Kenneth Newberry. Mrs. Newberry received some very nice gifts.

Barney made a business trip to Grayling for AuSable Hotel Thursday.

Mary, Alvina and Bats were Friday afternoon callers in Grayling.

Mrs. Fred Dunkley and children, Penny, Joe and Rod returned home Friday night from a visit with relatives in and around Flint. She was accompanied by her sisters, Mrs. Forest Putman, Flushing and Mrs. Norris Reed of Clio.

Information wanted. Why does high man at Shuffelboard go hunting for some one to take his place. Anyone with a good answer please leave them with Barney before Thursday.

Eight-grade of Frederic school held a skating party at K. P. Lake Saturday. Thanks Mr. Kelly for an enjoyable afternoon.

Elroy Barber, George Lodge and Bill Nowlin were home over the week-end from their jobs at Flint. They were accompanied by Miss Rita Barber who attends school at Bay City.

Clem Sadjak returned home from a visit at Detroit with relatives.

Col. Charron of Grayling visited his brother, Liland and other friends at Frederic over the week-end.

Barney's boys won shuffleboard from Al's Bar last Thursday night 6 to 3. This Thursday Barneys return the visit at Al's Bar at Grayling.

Liland has a new red upholstery job on his Ford. Everyone in Frederic has admired the job.

The Tom Howards are having their share of trouble, on top of Tom's two trips to the hospital, then their car being wrecked, the children are all quite ill with the flu at this writing.

The old saying spring is just around the corner, was reported again Monday, February 2, but

we all have our own predictions.

Big Job Ahead

The Washington News recently gave a banner-line and front-page space to a suggestion by one of its columnists, John Cramer. Mr. Cramer urged "That every government agency give every supervisor, at every level his own simple working budget—and then challenge him, by every possible means, not only to live within it, but, more importantly, to cut it. Let him be rated on his performance."

Of this the Portland Oregonian said editorially, "Mr. Cramer is authority for the astounding assertion that not more than 5,000 of the estimated 100,000 supervisors in government employment ever see anything faintly resembling a working budget for the units they manage. In those instances in which supervisors have been given a budget and encouraged not only to work within it but to reduce it, the economies have been marked. Not only that, the morale of the employees, and their efficiency, have been increased."

"There is no doubt that millions of dollars could be saved by requiring the supervisor of each government unit to be responsible for the spending in that unit—with his promotions and salary increases dependent on his performance."

As matters stand now, a federal employee's title, salary and general importance in the bureaucratic machine is largely dependent on how much money he can find to spend and how many subordinates he can manage to attach to the government payroll. The result is tremendous amount of duplication of effort, all kinds of unnecessary and useless work, two or three people for each job—and endless waste of our tax money.

The new Administration is pledged to bend every effort to ridding government of waste and extravagance and the corruption that always goes with them. That will be a terrific task but it's a task that must be done.

Look what's worrying the

low-priced three!

THERE'S a big story in the price of this beauty—but an even bigger one in what you get for that price.

You get the highest horsepower and compression ratio ever engineered into this Buick Series—from the extra-thrifty F-263 Fireball 8 Engine newly designed for this Golden Anniversary SPECIAL.

You get an even wider front seat than this roomy Buick had before—plus a new tilt-away feature that means easier in-and-out.

You get real big-car comfort, from deep, soft cushions with new zigzag type springs in both the seats and the backs.

You get the steady going and the sweet handling ease that come of a still finer Million Dollar Ride. Steering ratio is increased. Front wheels have been brought to zero-caster. And here, of course, you get coil springs on each wheel, full-length torque-tube drive, rigid and massive X-braced frame—ride features you get in no other car at the price.

But—you get the idea.

And when you realize that the figure on this big, brawny, beautiful Buick SPECIAL is just a few dollars more than you'll pay for one of the so-called "low-priced three"—we're sure you'll say: "This is for me!"

Come in and try it out—then tell us if we're wrong or right.

Michigan's Inaugural Day Float

"Michigan—Industrial Center of the World" was the theme of the float that represented this State's industrial progress in the Presidential Inaugural Parade in Washington on January 20, according to Thomas R. Reid, Director of Civic Affairs of the Ford Motor Company, who was chairman of the Michigan Float Committee.

Reid stated, "The float was made possible through the generosity of many Michigan manu-

facturers and banks and it is their contribution to the Inaugural Parade, as well as an expression of 'Good Wishes' from this State to President-elect Eisenhower."

The design of the float had the approval of both the Presidential Inaugural Committee of Michigan, John Felkens, chairman, and the Washington Inaugural Float Committee.

The color scheme of the Michigan float followed that of the

Great Seal of the State of Michigan. Its outstanding feature was a huge gear in a metallic finish circling a replica of the world. It depicted Michigan's leadership in development and progress as the center of mass production methods of manufacturing. On the outer ring of the gear were the words "Industrial Center of the World."

Fanning back from the gear was "MICHIGAN" in large red three-dimensional letters on a blue modern styled angular shape with a map of the State at the highest point. Along the lower border of this unit were a number of replicas of industrial plants in a variety of color tones representing the diversity of Michigan industries. The entire unit rode on a blue base with the Great Seal of Michigan in color on the forward end. The float was 40 feet long, 10 feet high and 12 feet wide.

The Parade was one of the feature events during the Presidential Inauguration festivities. Bands, marching units and floats representing many States and communities participated in this tribute to President-elect Eisenhower.

WINTER SPORTS BOOM

It's a healthy sign: more people than ever before are finding fun in Michigan Outdoors during the winter months. Throughout the State skating, tobogganing, skiing and ice fishing are winning new followers every week end. Many a Chamber of Commerce has aroused the citizenry to realization of potential new tourist and vacationist business in areas where this type of enterprise was generally put in moth balls during the winter.

West Side Attractions

All the way from Kalamazoo in the south to Petoskey in the north, the west side of the state is calling to winter sports enthusiasts, offering 12 specially prepared areas for every winter sport. The Boyne City sector boasts of two Avalanches within the city limits itself, and the magnificent Boyne Mountain ski resort just 6 miles east. Visitors to Boyne Mountain marvel at the 1800-foot main slope served by a double chair lift for the skiers.

For variety skiers head for Cadillac, near Cadillac, with 17 ski runs covering a 645-acre development. Ski jumpers find their thrills at Briar Hill near Mesick where a new lower peninsula record was set recently, topping the 150 mark. Elberta Mountain near Frankfort is another ski jumper's mecca.

Closer to the populous southern cities, Ionia with a 2600-foot toboggan slide, and Echo Valley 8 miles east of Kalamazoo with 4 long

toboggan runs attract thousands of "snow bunnies."

East Side Offerings

If you live closer to Michigan's "east side," try the picturesque attractions at Silver Valley near Tawas. In January and February this area is at its prettiest, and big week-end crowds thrill to the mile-a-minute toboggan rides and good skiing in the precipitous terrain. Tawas also boasts of "Perchville," the little city on ice on Tawas Bay, where ice fishermen throng every winter.

Houghton Lake's "Tip-Up-Town," and Lake Charlevoix's "Smeltania" are similar attractions. East side skiers congregate in the area between Gaylord and Grayling where well-organized schools teach the elements of controlled skiing.

Upper Peninsula Cuts

And in the land of Hiawatha atop the Straits the new Porcupine Mountain winter sports park near Ontonagon is rapidly becoming a popular playground for Michiganders and trainloads of visitors from Chicago and Milwaukee. In February Ishpeming and Iron Mountain present the year's top wintertime spectacles with ski jumping tournaments in the land where the nation's best ski riders are born. With a bridge across the straits to speed the flow of traffic, these events may one day pull more than 50,000 spectators — many of whom will say Michigan Outdoors is at its best in the winter time!

Mort Naff's "Michigan Outdoors" television show may be seen every Thursday at 7:00 p.m. on stations WWJ-TV, Detroit and WJIM-TV, Lansing.

Plan Pipeline Across State

Snowballing oil production in western Canada has caused the Lakehead Pipeline Company to ask for permits to run a 30-inch pipeline across the upper and northern-lower peninsulas.

REPAIR

CLOCK S HOPS OF WATCHE
201 PARK ST. GRAYLING

DIAL 3977 - WILL

PICKUP & DELIVER

The company wants to finish the big line by October, and needs conservation department permits to cross state-owned lands. Also, legislative approval must be given before the company may lay the pipe across the Straits of Mackinac.

To date, the pipeline is completed between Edmonton, Alberta and Duluth, Minnesota. From Duluth, the planned route is through Ironwood, St. Ignace, Port Huron and Sarnia, Ontario, where the crude petroleum would be processed at refineries.

Permits will also be needed from private land owners and the federal government.

Seven crews will work on the huge project if the plan is approved. The company says 300,000 barrels of oil could be pumped through the line each day.

The Alberta oilfield was discovered about 1945. Though slow at first, production during the last three years has increased tremendously and is now believed one of the largest oil pools on the North American continent.

Make Fish Food Tests At Hatchery

Several types of food are being tested at the trout hatchery here, the conservation department reports.

Also, the frequency of feeding will be tested again this winter as it was in the winter of 1951-52. Last year's tests did not bear out a prediction that trout need less food to live during winter months because of inactivity. Experiments last year were tried on fish in three of the hatchery's ponds; this winter a modified program of feeding will be tried. If the plan works, considerable saving could result.

Olsons Collect Shoes

(Continued from Page One)

stine, Southern Europe—or wherever the need exists for shoes. Although the distributing agency is Catholic, the donors and the collectors are of every race, color and religion.

The purpose of the shoe drive is the collecting of usable shoes to be sent to refugees and destitute civilians in Korea, Formosa, Hong Kong, the Near East and Europe—wherever there remain sizable concentrations of refugees. Our particular interest is Korea where the ravages of war have impoverished and tortured hundreds of

thousands of human beings, people like you and me, who suffer just as intensely from the cold as you and I would if we had no shoes, little food and the other deprivations forced on them by no fault of their own.

For this drive shoes are wanted which do not need repair to be worn. The need is for practical shoes, galoshes and rubbers—no high heeled dress types. There just isn't any money available for repairs.

Any shoes not suitable for sending to these places are still welcome. They will be distributed to the Society of St. Vincent de Paul, the Salvation Army, the Goodwill Industries, the Volunteers of America and so on.

All shoe stores serving in this campaign display the "Collection Depot" sign.

Lovells Home Extension Club

The Ladies Home Extension Club of Lovells met at the home of Mrs. Tillie Doyle of Grayling. Not all the members were able to attend the meeting owing to the bad weather and no transportation and some spending the winter months in Florida, the lucky girls. A nice lunch was served by Mrs. Doyle. We hope to have a better attendance at the next meeting.

Cederberg Named To Sub-Committee
Congressman Elford A. Cederberg, who received one of the most choice committee assignments available to first term members of Congress when he was named to the powerful Appropriations Committee, has just been named to that group's sub-committee on Civil Functions and Military Construction. This is a new unit, being a consolidation of two sub-committees whose title it bears. Each member of the Appropriations committee is assigned to at least one sub-committee.

The sub-committee to which Congressman Cederberg has been assigned considers appropriations for such military items as camps, air fields, advanced bases, ordnance plants and other construction for the armed forces. It also handles appropriations for rivers and harbors and flood control projects authorized by law.
